Group wants TVO service in Highlands

At the moment 93% of Ontario has access to the signal sent out by Television Ontario, better known as TVO. If a group of local citizens, spearheaded by Rhonda Elstone, has its way, the seven per cent which falls outside the TVO signal will not include Haliburton County in the next few years.

That was the thrust of a meeting Thursday evening at Wig-A-Mog Inn at which representatives from TVO in Toronto and about 30 interested citizens attended.

Rhonda Elstone, who has served as this area's representative on the TVO regional advisory council, called the meeting to introduce a number of Haliburton County residents to the type of broadcasting provided by a provincially owned network and to stimulate interest in pressing the Ontario government to

include this area in the network's transmission system.

Suzanne Grew, a representative of TVO, was in attendance at the meeting to answer questions about the service. She explained the range of programs which the network offers. She pointed out that some think the network is providing simply educational programs for use in schools. She said however, that the network includes a wide range of programming of interest to pre-schoolers up to adults.

The network, when it was first formed, was a division of the Ministry of Education, which probably explained people's perceptions of the service as strictly for the schools.

Over the years it has expanded its mandate to include adult programming, entertainment programming for children after school hours and for adults later in the evening. Grew noted that even within the TVO organization there are occasional questions asked as to whether what the network is doing strays too far from its mandate.

Grew pointed out that

Young and old admired the lines of this 1937 Ford parked at the Haliburton arena parking lot Sunday afternoon. The car was being driven by a member of an antique vehicle club from Lindsay, making their annual colour tour of the Haliburton Highlands. Ten vintage vehicles took part. A spokesman for the club said the visit to Haliburton is the last event for the club before the cars are stored for the winter.

when the network was created it was done on a promise that the entire province would be served by it. Regulations require cable operators to make the service available to their subscribers where the signal is available. In most cases this meant tapping into the signal as it was carried by the micro-wave network

connecting major Ontario communities.

However, the signal was not sent by micro-wave relay to the Haliburton area, so the local cable operator has chosen to attempt to transmit an off-air signal emanating from the CN tower. Grew said the distance from Toronto and the weakness of the signal from the tower were probably the reason local cable subscribers were unable to receive a clear TVO signal on a consistent basis.

Local transmitter

She told the audience that the situation could be remedied by having a local repeater transmitter installed to serve the Haliburton County area. A similar installation is currently being completed in Muskoka and is expected to go into operation shortly.

A second option would be for the local cable operator to install a special receiving dish for the TVO signal which will shortly be beamed throughout Ontario from the Anik 3 satellite. She said this would give the cable company a stronger, more reliable signal, but pointed out it would still limit reception to those in Minden and Haliburton villages where cable service is available.

She also suggested that those who can only receive the TVO signal by cable, such as

(more on page 2)

Hospital contract awarded

The contract for renovations to the Minden Red Cross Hospital has been awarded to Michael Monteth Enterprises of Orillia. The awarding of the tender was announced Monday by Bill O'Neill of the Red Cross in Toronto.

The base tender price submitted by the Orillia firm was \$88,360. There were six tenders in all submitted for the work. None were submitted by local contractors.

The work being carried out at the hospital will include renovations to the emergency and service area of the hospital. Facilities at the entrance will be changed with special accommodations being installed for the X-ray machine.

O'Neill said it is hoped the work can start by the end of October and will be completed by the end of the year. The spokesman noted that the completion of the renovations will correspond with the change-over in control of the hospital from the Red Cross to the twinning arrangement with St. Joseph's in Peterborough.

Minden may get TVO signal

Installation of a TVO transmitter to serve the Muskoka area could mean portions of Haliburton County could also receive the signal from off-air.

That fact came to light at a presentation made by Suzanne Grew, a representative of the television network from Toronto, who addressed a meeting Thursday at the Wig-A-Mog Inn. In explaining the expansion of the TVO network, Grew showed the audience a map indicating the coverage area of the new Muskoka transmitter which will be located in the Huntsville area.

Grew said Tuesday that the map indicates the 'B' contour of the signal reaches to Minden, Carnarvon and Eagle Lake and areas to the west and north of these communities. Being within the 'B' contour means the area will receive a less than perfect signal but that it could be picked up by residents with outside aerials.

"It will depend where those aerials are located, how high they are and whether large hills interfere with the path of the signal," Grew noted. She also said that concern the TVO signal would interfere with the CKCO signal serving this area, had proven to be false.

Grew pointed out the area would not be receiving the best quality TVO signal from the Muskoka transmitter, but at least the signal would be available to those who do not subscribe to cable in the western portion of the county.

Hunter hit by own shot

At least one hunter will be hobbling for the rest of the hunting season after an accident September 29.

Glen Scott, 26, of Oshawa and a companion were hunting and fishing on Big East Lake in Anson Township when the 410 gauge shotgun Scott was placing in its case went off. The pellets, after hitting the ground between his feet, ricocheted into his feet.

Minden Hospital treated Scott and sent him to Lindsay for surgery.

The incident was investigated by Constable Dennis Potter.

Stolen truck

A Ford van, previously reported stolen in Toronto September 28, was found September 30 on Highway 118 west of Carnarvon. The 1980 model vehicle had its plates, doors and lights removed.

Constable Mike Maher is the investigating officer.

Cottage break-in

A cottage on Misty Vale Trail in Lutterworth was broken into and goods valued at close to \$5,000 removed. The Oshawa owners listed property including stereo, an onboard motor, fur coats, a television set and a chainsaw

as missing after the break-in was discovered last week.

The incident was investigated by Constable Bob Pearson.

Two car accident

Two women received minor injuries in a two car accident October 2 on Twelve Mile Lake. Injured were the driver of a 1979 Dodge, Patricia Goodyear of Willowdale and Nadine Stableforth of Toronto, one of Goodyear's five passengers. The Dodge received \$500 damage to the left side.

The other driver, Ivana Vrdoljak of Willowdale was charged with failing to share half the roadway. Her 1980 model Cadillac received \$400 damage to the left side.

Constable Weldon Popp investigated.

Closed

The Times office will be closed Monday October 11, Thanksgiving. Regular advertising deadlines (Tuesday, noon) apply for classified and display advertising.

Happy Thanksgiving from all of us.

Transmitter possible

(from page 1)

in this county, are in fact paying twice for the service: once through the provincial taxes used to finance the service and a second time in fees paid to the cable operators.

Grew said that a low power transmitter serving the Haliburton Highlands, will mean that all residents of the area will have access to the TVO signal.

Rhonda Elstone commented that such a transmitter would not likely be installed in this area unless citizens

were able to bring enough pressure to bear on the provincial politicians. "We've got to stand up and yell, let the politicians know that we want it," she told the gathering. "Write the politicians letters. Tell them you're being ignored and you don't like it."

Four year fight

Elstone noted that the Muskoka transmitter was installed only after four years of intensive lobbying on the part of citizen's groups. She noted that the area had the benefit of being represented by an influential provincial Cabinet minister, Frank Miller, Treasurer of Ontario,

but also suggested this area could achieve similar success if a concerted effort was made. "The squeaky wheel gets the grease," she commented.

Elstone said any organization would have to "spread the word" about TVO programming. "Many people are unaware of what is offered by the service or what they are missing. Presentations to various groups of what the service offers in programming would help to raise the interest in TVO."

She added that once people are aware of the service, they must be convinced that it is worth fighting for.

Several county residents in attendance expressed surprise that such an effort must be made to receive something their taxes are already paying for. "It's ridiculous that you have to lobby for four or five years to get this service into the area," one member of the audience commented.

The meeting closed with a consensus that "something must be done" to remedy the current situation. Elstone, contacted earlier this week, said that a committee would be formed to lobby for the TVO service in the county. She suggested that those interested in taking part in the effort contact her. Her number is 457-1328.

Board honours teacher's contract

The former curator of the Rails' End Gallery in Haliburton, Lucinda St. Pierre, will continue to serve as part-time art instructor for the Haliburton County Board of Education. Earlier this summer, St. Pierre was fired from her position at the gallery. The dismissal created quite a stir within the Haliburton Highlands Guild of Fine Arts and has resulted in possible legal action by the former curator.

The Guild officials have refused comment on the situation due to the potential legal action.

However, at the Guild's annual meeting last month, the question of the former curator's standing with the board of education was raised.

At the time St. Pierre was hired, the board of education agreed to employ her on a quarter-time basis to teach art in the various schools of the county.

According to the chairman

of the Haliburton County Board of Education, Cheryl Murdoch, there will be no change in the status of the art instructor. The board, which met September 28, agreed to honour its portion of the contract with the art teacher. A regular schedule of classes and school visits has been planned and St. Pierre began teaching again at the end of September.

At the September annual meeting of the Guild of Fine Arts, the question was raised as to whether the former curator would have access to the gallery facilities for her classes if her services were retained by the Board of Education. Guild president for 1982-83 Carole Finn said Tuesday that school classes have been using the gallery for training purposes and would be encouraged to continue doing so. She noted that school principals had been advised of four programs coming up at the gallery that would be suitable for the classes.

The 7% solution

It would appear that a serious effort to obtain quality reception of TV Ontario throughout Haliburton County is going to be undertaken. It is an effort that we heartily endorse.

At the moment TVO quality programming is available to county residents who subscribe to the local cable service. That limits the network to those people who live in Minden or Haliburton villages and furthermore, to those who are willing to pay the tariff requested by the cable operators. Residents outside the reach of the cable service must do without.

This situation is unjust because everyone pays for TVO service through provincial taxes. Therefore should be able to receive the signal and receive it in a conventional manner that does not require subscribing to an additional service such as cable.

A further injustice is inflicted on the area because of our relative remoteness from cultural and educational centres. Television helps to bridge that gap, a fact the provincial government recognized when TVO was first formed. But that bridge does not reach to Haliburton County in its entirety. The programs of TVO could educate, entertain and enrich the lives of Highlands residents, but only a few enjoy that privilege.

The province has spent vast sums and great effort to ensure isolated outposts of northern Ontario receive the signal, soon by satellite. Similarly they have bowed to the wishes of Muskoka area residents not to be left out of the system.

Haliburton County residents deserve, and should be willing to fight for, the same consideration.

The record of TVO, 93% coverage in the province, sounds very impressive. However that figure is meaningless if one lives in the 7% of Ontario that is still beyond the reach of the TVO signal. It's time the community let the authorities know that it will not be satisfied with a 7% solution.

Country roads.

letters

Editor:

While reading your colour tour supplement you mention coming up Horseshoe Lake Road 1, crossing the bridge at the foot of the lake. You then went on to call this the Bethel Road, Blairhampton. In doing this you are misleading the public, the truth is this Bethel Road is more than four miles from Blairhampton, which is three more concessions north of Bethel Road.

This settlement on Bethel Road is, and always has been, known as Bethel.

Bruce Nesbitt,
Minden.

Editor:

I read with interest the front page story re. the snack bar operation.

Has the Reeve and Deputy Reeve of our Council had this "heavy" matter on their minds for the past two years and only now, during an election year, and Mr. Pergolas's absence, found it necessary to bring it to our attention. Is this genuine concern OR JUST GOOD TIMING? Let's get on with productive thinking and quit the back stabbing - as we have been told, tough times are ahead.

M. Kitcheman,
Minden.

The Cabinet shuffle

- by Bill Scott, M.P. -

The Cabinet Shuffle on September 10 was akin to a rearrangement of old light-weight patio furniture in a den. Nothing new was put in place and the furniture is still worthless even if now in a different corner of the room. The players are still out-of-touch with the surroundings.

Let's look at what was done. First of all Alan MacEachen gleefully left Finance and, apparently at his own request, returned to External Affairs. Hopefully that means he will have no effect on future budgets. He once said working at External Affairs was like being on holidays. I hope he enjoys his new holidays, they will only last until the next election. Maybe by then he will be able to retire and forget the mess he has left the country in.

In light of the last two budget attempts, any new Finance Minister should be a welcome change. I say "should be" because, in this case, the replacement is Marc Lalonde. He is the author of the now infamous National Energy Program. This brain-wave of his has insured that no matter how well wages are controlled, energy prices will never be controlled. By the actions of that program energy resource industries have had to line up to leave

Canada. He has single-handedly destroyed Canada's hope of energy self-sufficiency in the near future and created record unemployment across the country. His only qualification for the job seems to be that he is a personal friend of the Prime Minister who cannot possibly do a worse job than the minister he is replacing.

Jean Chretien moved from Justice to Energy, Mines and Resources to fill the gap left when Lalonde moved to Finance. It is rumoured that the Prime Minister wants him in a position where he can act as a salesman of the National Energy Program and a spokesman for the restraint program. I hope he can sell Cabinet on bringing energy prices in line with wage controls. With his record of disinterest in such legislation as Bill C-53, any interest he has in doing so will probably die with the government.

The new Minister of Justice and Attorney General is Mark MacGuigan. He has some credentials in this area. Perhaps in Justice he will develop policies closer in line with the thinking of the Prime Minister than he did in External Affairs. In any case, his position had to be

sacrificed to satiate Mr. MacEachen's desire to return to his beloved External Affairs.

The other appointment was Senator Austin to Minister of State for Social Development. This was a post held by Jean Chretien in conjunction with the Justice portfolio. Rather than have it with the new Justice Minister, Mr. Trudeau decided it would be too much for him and reached outside the House to the Senate to find someone from the west where he has virtually no representation. Again, it was a purely political move which will accomplish little.

Almost simultaneously with the shuffle, M.P.'s constituency offices received a package of advertisements regarding the 6% and 5%

wage restraints. It is ironic that the government would spend an estimated fifty thousand dollars to ask us to stop spending. Adding to this expenditure figure, the cost of all advertising of the program at exhibitions and through the media, this government has spent over one million of our tax dollars to ask us to accept less. In terms of employment, the government could have created 100 jobs at a rate of \$10,000 per year with the money it spent on this campaign. This may seem like very few jobs at little pay, but if you are unemployed right now a chance at one of those jobs could mean the difference between eating next week or starving.

These events are clear evidence that Mr. Trudeau's government has no intention of acting on our problems.

OHIP fees should be controlled

- by John Eakins, M.P.P. -

Opposition Members continue to press the government on the subject of OHIP fees, asking why these have not been included in the restraint program, as administered prices. Under what section of the Act are they excluded, asked David Peterson.

While the Liberal Caucus has supported the restraint program as a first step, we have proposed that a committee be struck to consider a number of areas where improvements were necessary, including the

following:

- broader controls, and particularly tougher restraint on administered prices
- a rollback of doctors' fees next year to 5%, if voluntary restraint is not forthcoming;
- a more flexible "sliding scale" to cushion employees at the lower end of the ladder
- no pass-through price increases for Ontario Hydro above 5%;
- extension of the length of the program by one year to allow sufficient time for economic restructuring;
- detailed consideration of

the "post-control" phase to guarantee that we are prepared to ensure that "catch-up" settlements do not trigger another inflationary pattern;

- review of the blanket removal of the right to strike with consideration for maintaining such rights over non-monetary issues such as health, safety, and working conditions.

UTDC and the yacht club

Liberal Deputy Leader Sean Conway has demanded that the Ontario Government crack down on the Urban

Transportation Development Corporation, which has signed a 20 year lease with a yacht club near Kingston. He termed the \$10,000 which the provincial Crown corporation will spend for the use of facilities at the club a "shameless expenditure" which sets a wretched example for Ontario's poor. It's time, he said, that the government "trimmed the sails" of the corporation. If the government was serious about restraint it would not allow such "outrageous" spending by one of its agencies.

outdoors

by Ron Reid - Federation of Ontario Naturalists

The Ontario government's fascination with lotteries has been extended one step further - this time to moose. Starting next year, each of Ontario's estimated 60,000 moose hunters will have to trust the luck of the draw for a permit to shoot one of our most magnificently ugly mammals.

Natural Resources Minister Alan Pope is betting on the lottery system to renew Ontario's moose herd, which now stands at about half of its potential size of 150-200,000. He has so much confidence in this new management measure that the existing rules restricting party size to three hunters have been dropped, and hunting seasons next year will be open longer. These relaxed rules almost guarantee that the program will be popular with hunters, but its effectiveness in rebuilding the moose herd remains to be seen.

Under the new regulations, a hunter will need a special validation tag, drawn by lottery in limited numbers, to kill either a bull or a cow. Hunters without the special tags can still hunt, but can legally shoot only young moose. By making hunters more selective, the program is hoped to reduce the overall harvest.

Mr. Pope also announced a renewed crackdown on

poaching, with additional conservation officers to be added to the Ministry's hard-pressed enforcement staff. As well, the Ministry will be increasing efforts to control wolves where predation can be shown to be significantly reducing moose populations.

It is this last aspect that raises the eyebrows of many conservationists, for the Ministry has never carried out research to establish that wolves are a serious threat to moose in Ontario. However, the Minister promises that wolf control will be used only where local staff can establish strongly that a problem exists, and any programs will involve no bounties and no airplane hunting. No doubt, naturalists across the province will be watching warily to ensure that any wolf control programs are not abused.

MR FUGG'S

489-2211

from the chamber

by Bob Stinson

As the momentum gained through the first year of the Harvest Festival the inevitable happened. The final event in Haliburton was completely sold out and many who had neglected to acquire their passports in advance were disappointed.

The Chamber has broken some of its own rules with both the festival and the colour bus tours which also wind up this week. We have been stressing the necessity for long range planning and both of these activities were not organized until this summer. Because of this some of the promotional avenues that require extensive lead times were unavailable and this created some problems. The Board, however, felt that both endeavours were very worthwhile in promoting our fall season and decided to get started at them this year at least as pilot projects.

During the next few weeks the good and bad points of this year's experience will be analyzed and decisions made on what to do different next year. The organizations in each of the four communities that worked so very hard to make each event a memorable one are certainly to be thanked and congratulated: Two ladies, we are told deserve extra special credit this past weekend. Julie

Did you know?

Question: "I visited England this summer and had to see a doctor. Will OHIP cover the bill?"

Answer: Ontario residents used to OHIP, may get a shock when requiring medical attention outside the country and having to pay for it immediately.

The plan covers medical and hospital care for insured benefits anywhere in the world, but only at rates applicable in Ontario. The patient is responsible for payment of any charges. Claims must be submitted within six months of the date of service.

If you are planning a journey outside Ontario, where health care costs may be more expensive than here, it may be worth getting extra coverage from private insurers. (Forms are available at local hospitals and at the Health Unit in Haliburton.)

A booklet called "The Traveller's Guide to the Ontario Health Insurance Plan" is available, free of charge, at the Information Centre, Drag River Municipal Building, Haliburton, tel: 457-2733. It outlines parts of the Ontario Health Insurance Plan that concerns residents travelling outside Ontario and contains a claim form for benefits.

Kennedy in Stanhope was an inspiration to her crew in Stanhope while Caryl Douglas in Haliburton not only provided her creative talents to the decorations but starred as the number one "serving wench".

Annual meeting - October 20

Details are on their way to all Chamber members on this year's annual meeting at Wig-A-Mog. We will once again be following last year's popular format of running workshops throughout the day and winding up with a banquet in the evening. One major change that should be welcomed is that the annual business meeting will be held in the afternoon before the banquet in order to provide more social time in the evening.

We are quite excited about the unusual quality of speakers we have been able to line up this year and we know you will enjoy them. The Honourable Reuben Baetz will speak at the evening banquet and John Egan, Chairman of the Board of Tourism Ontario will address the luncheon on "The Third Wave". Jerry Strickland, president of the Ontario Federation of Cottager's Associations will be featured in a panel which will address "Cottager Power", the era in which municipal policies are heavily influenced by the organized part time residents.

Our Board of Directors will also be elected on that day and Ken Langdon, our nominating chairman, is actively seeking keenly interested individuals. If you are interested, or wish to nominate someone else give Ken a call at 457-1402 and let him know. See to it that your area and

your line of business is represented on the Chamber.

Volunteers start at information centre

The information centre that was initiated by the Home Support Services group is now training a group of 14 volunteers who will man the phones to answer your inquiries on everything from where to apply for social assistance to how to lodge a complaint on unfair treatment. Although many people think this is the Chamber's role it really isn't. We have always attempted to provide answers to any questions we were asked but we are now pleased to be able to direct your inquiries to this centre that is in fact set up to deal with them.

In addition to providing free information over the phone the centre has compiled a "Directory of Community Services and Human Resources in Haliburton County" which runs into 186 pages and can be purchased for only \$6.00. Copies are available at the Chamber or at their office in Haliburton. For more information give them a call at 457-2733 or drop into their office across the road from Emmerson Lumber.

Welcome

The former Highland Park Marina at Kennis Lake has a new name and new owners. Backwoods Marina, Pottery and Snack Bar is now operated by Jim and Gloria Carnochan with the able assistance of service manager John Bittman. They are featuring hot turkey supper this weekend (with reservations) so why not drop in and say hi!

Congratulations are in order to Sportsman Bay Riding Stable who have just completed their 25th year of operation on Highway 35 south of Carnarvon. May they have many more celebrations before hanging up their reins.

A look at the election

On November 8, electors casting votes in municipalities throughout Ontario will help do their part to govern the province's complex and diverse municipal structure.

In all, nine different types of municipalities in Ontario exist to deliver a broad range of community services. The largest units are regional and county municipalities. These are called the upper-tier municipalities.

Politically, each upper-tier municipality is a federation of the local municipalities, which are represented in approximate proportion to population by councillors who have been elected by voters.

For example, Haliburton County Council includes elected representatives from the nine municipalities. The reeve and deputy reeve from each municipality has a seat at the council table. At the moment, the Improvement District of Bicroft is represented by its Chairman, an appointed position. However, this December, Bicroft will officially become a township and will be accorded representation at the county council level similar to that enjoyed by other municipalities.

Upper-tier municipalities exist to provide region-wide services like major roads.

The "lower-tier" municipalities - cities, boroughs, towns, villages and townships - provide local services and facilities like garbage collection, fire services, local streets and sidewalks, and cultural and recreation facilities.

In Northern Ontario, the Region of Sudbury is the only two-tier system. The 187 local municipalities in the North vary from tiny townships to large cities like Thunder Bay and Sault Ste Marie.

Two-thirds of Ontario's population live in one of Ontario's 47 cities or the four "boroughs" of Metro Toronto. However, the average municipality in Ontario has a population of 10,000, the size of Port Hope or Tillsonburg. There are more than 600 municipalities with a population of less than 5,000 and approximately 470 having less than 2,500. These smallest units represent 60 per cent of all municipalities but contain only nine per cent of the population.

The largest Ontario muni-

cipality is Metro Toronto, created in 1953 by a federation of the City of Toronto and 12 local municipalities that were part of York County. In 1967, the 13 municipalities were reduced to six by amalgamation: the City of Toronto, the City of North York, and the Boroughs of York, East York, Scarborough and Etobicoke.

Among the smaller units, townships normally require a minimum population of 1,000, villages 500, towns 2,000 and cities 15,000 to be established as municipalities of these types.

A chance to learn

Newly-elected municipal councillors won't be heading into their jobs unprepared following this November's local elections.

Sponsored by the Association of Municipalities of Ontario and the provincial-municipal affairs secretariat, a series of information-packed seminars will begin this winter, providing courses on the finer points of local municipal techniques such as government policy-making, financial control and administration.

Class-room style meeting rooms equipped with audio-visual and other aids will be set up in community halls, hotels and motels across the province following this November's municipal election. Seminars will be held in places as far apart as London and Ottawa, as far north as Kenora, Thunder Bay and Sault Ste Marie.

At the heart of the seminars will be the role and responsibility of municipal government and information from individual experience in running villages, townships, towns, cities, boroughs and counties in Ontario. The best available expertise will be brought to bear on this: mayors, commissioners of finance, chairmen of regional municipalities, clerk-treasurers and many more, ensuring that the representatives you elect will be better prepared to govern effectively and efficiently on your behalf for the next three years.

The preceding was prepared by the Ontario Ministry of Municipal Affairs and is published by The Times in an effort to increase interest in the November 8th municipal election.

SPECIAL OCCASION PERMIT OBTAINED

Redmen hold Fenelon scoreless

Both Redmen teams came out on the winning side in Fenelon Falls Friday afternoon. Both teams also claimed their victories by shutting out their hosts.

The seniors marched over the Fenelon Falls counterparts by a 22-0 score while the juniors managed a 7-0 win.

The win assured the senior team a berth in the new play-off schedule which has been established for the five teams in the league.

The seniors opened the scoring in the first quarter when Kevin Shapiera completed an off-tackle ten yard run for a touchdown. Paul Vuksic kicked the conversion for the extra point.

In the second quarter, the Redmen's quick pitch pass play paid dividends. Terry Allore, in the slot, pitched out to Shapiera who then passed 20 yards to Terry Crowe for the touchdown. Vuksic again added the conversion.

Late in the first half the Redmen attempted a field goal from 30 yards out, but the ball went wide of the uprights and the team had to settle for a single point. The half closed with the Redmen ahead 15-0.

There was no scoring in the third quarter. In the final frame, the HHSS seniors attempted another field goal from the 35 yard line, but again the attempt went wide and they had to be satisfied with a single point. Late in the game, Dave Bishop completed the scoring for the Redmen with a touchdown on a five yard run. An attempt at a two point conversion failed, leaving the final score at 22-0.

Defensively, the Redmen played a strong game, allowing the Fenelon Falls team little room to advance. The host's offensive efforts were cut short at least three times by Terry Crowe, Redmen defensive halfback. He intercepted three Fenelon pass plays bringing their advances to a halt.

A Redmen ball carrier is brought down by a Fenelon Falls tackle during the Friday game. The Highlands teams dominated the play as they shut out their hosts by a score of 22-0 for the seniors and 7-0 for the juniors.

Juniors win

The first half of the junior game proved to be a saw-off as both teams marched up and down the field without scoring.

However, into the third quarter, Greg Pearson kicked a 40 yard single point to put the Redmen on the scoreboard.

Late in the final quarter,

after Mike Blake and Don Meharric contributed to major advances up the field, Mike McNaul went over on an off-tackle play, for the TD. The conversion was missed.

Strong defensive games were turned in by Danny Cogan, Paul Allore, Rob Crowe and Trevor Powers.

The Redmen are now in the middle of a two week rest

period, a time to allow some of the injuries to heal and to prepare for the league play-offs.

The next game for the Redmen is Friday, October 15 when they play in Lindsay against I.E. Weldon. This game will mark the end of the regular season, with the play-off schedule to follow.

Redmen soccer teams split pair against LCVI

The Redmen soccer teams split a pair of games last week as they travelled to Lindsay to face LCVI.

The seniors lost to the hosts by a 1-0 margin. Team official Glenn Scully noted that the seniors have not won or lost a game by more than a single point, an indication of how closely the games are being contested.

Jeff Graham led the

Redmen juniors to their 4-0 win over the Lindsay team. He scored two goals in the Wednesday contest. Other junior markers were registered by Jeff Howe and Lenny Johnston.

The Redmen meet the LCVI teams again today, (October 6), with matches at the Haliburton Highlands Secondary School. The first game gets underway at 2 p.m.

Huskies tie season opener 5 to 5

The Haliburton Huskies opened the season Sunday afternoon with an impressive display of hockey skills. It was their first game of the season and the team had not had enough practices to solidify line play. The team was also missing four players, Robbie Abbs, Jim Lee, Dave Lennie and Dean Curry.

Despite the strength of the team in this opening game, they were only able to manage a 5-5 tie against Parry Sound. It's a game the Huskies should have had by at least a few goals.

The Huskies opened the scoring in the first period when Mike Rae scored on a pass from Steve Smith. Rae was to figure in two more goals for the Huskies, giving him an opening game hat trick.

Shortly after the opening goal, Parry Sound responded and then added a second goal four minutes later.

The Huskies tied the score at the 13:07 mark, Rae again, this time with the assist going to Kevin Warburton. The Huskies were unable to hold onto the tie as Parry Sound went ahead by another goal before the period ended.

The Huskies evened the mark in the second period, scoring two goals to a single from the visitors. Scott Rae scored at the 2:08 mark with

assists going to Ed Davis and Andrew Shapiera. The second Huskies goal was scored by Shapiera on a pass from Scott Rae and Fred Roberts.

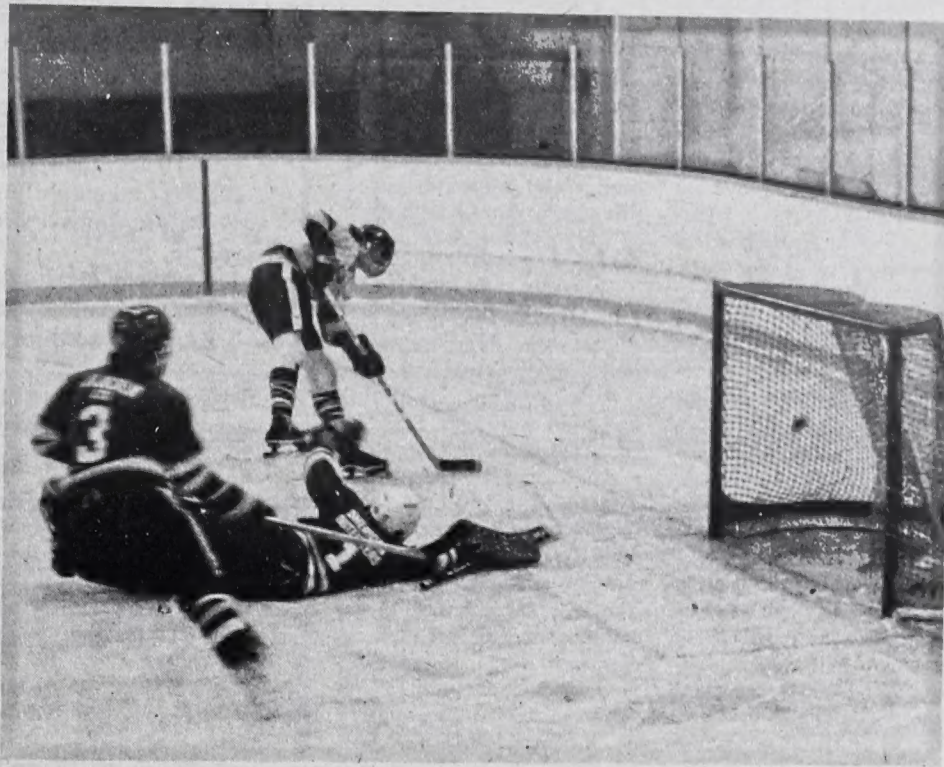

Mike Rae scored the only Huskies goal in the final frame, connecting on a pass

from Duff Mitchell. The Huskies were able to hold the one goal lead until the final minute of the game when Parry Sound scored with just 35 seconds left to play.

The Huskies were assessed 8 penalties while the Parry

Sound team picked up 15. The paid attendance was 163.

The Huskies are at home to Essa this Saturday evening. Game time is 8 p.m. Friday evening the team travels to Oro for an 8:30 contest.

Mike Rae flips the puck past Parry Sound netminder Roy Clifton during the second period of the opening Huskies game Sunday afternoon in Haliburton. The game, which ended in a 5-5 tie, proved to be an exciting beginning to the Junior C season with both teams turning in strong performances.

Judith Ann Rome, the daughter of Mr. and Mrs. Gerald Rome of Minden, and Joseph Frank Bastone, son of Mr. and Mrs. Antonio Bastone of Toronto were married September 4. The wedding took place at the Newtonbrook United Church.

book nook

Here is another selection of books available to you at the Minden Library.

Juvenile Fiction

Title: Bragg's Brain.
Author: Ken Platt.

Monty Davis has a contract to win, both to satisfy his father, his English teacher, a girl friend and the Coach. Winning doesn't seem to be the point until he sees a movie Bragg's Brain. Read to find out what happens in this good juvenile fiction.

Juvenile Non-Fiction

Title: Marquette & Joliet.
Author: R. Z. Kelly.

Father Marquette and Louis Joliet met in New France and explored the Mississippi as far south as Arkansas. Their hardships and successes at Indian villages are all in this book. Includes a few illustrations and one map and is easily read.

Adult Fiction

Title: Maynard's House.
Author: Herman Raucher.

To most people, a house symbolizes warmth and security. But then, most houses are not like Maynard's House. This stunning new novel by the author of Summer of '42 is both frightening tale bridging reality and the supernatural, and a love story - the kind you've come to expect from Herman Raucher.

For Austin Fletcher, any place is Paradise after Vietnam, even an isolated house in Maine's frozen wilderness that is bequeathed to him by his slain buddy, Maynard Whittier. And it is a malevolent house in which no one dares live, a house fronted by a "witch's tree", for upon it a witch was hanged 350 years

before and a devastating history thus begun.

Even as the house closes in about him, Austin is confronted by a girl who, in her own bewitching way, is far more frightening than anything else he must contend with. Too young to be a woman, too guileful to be a child, she is endlessly bold yet skittish as a doe -- and her presence threatens to absorb Austin's soul, for she seems to be of another time and place, though she is undeniably of today.

Soon both the mysterious girl and the strange rhythms within and without the house gnaw at Austin's tranquility. She arrives to stay the night with him but next day denies that the lovemaking took place. Maynard appears, seemingly alive, telling Austin that "things" are out of control, begging him to leave. And mishappen forms and predatory beasts slowly tighten the noose of time, causing past and present to meld into a nightmare in which Austin must face more macabre terrors than in all the combined hallucinations of his life.

Read extraordinarily well-crafted, chillingly suggestive Maynard's House -- but not when you're alone.

Adult Non-Fiction

Title: Quilting. Author: Muriel Breckenridge.

Lap quilting is a method of quilting using a tapestry frame to which individual blocks or pieces are pinned. Since your quilting is always at hand, you can pick it up and work on it whenever you have a free moment. There are patterns in this book for making quilts, tote bags, placemats, wall hangings and some Christmas gifts.

Think food this week

If you eat, you are involved in agriculture.

If you are involved in agriculture, then Agri-Food week, October 4 to 11, will be of interest to you.

In Canada we have 318,000 farmers who provide us with our most basic need...food.

But, farmers provide more than food. In Canada they provide direct employment for 480,000 people. That's jobs. There are about 4,000 food and beverage manufacturing establishments in Canada. They employ over 200,000 Canadians. That's more jobs!

About one-fifth of our gross national product (GNP) is derived from the total agri-food industry. That's billions of dollars generated in our own economy.

It is estimated that the agri-food industry and its supply and service industries constitutes about 40% of Canada's economy.

In 1976 Canada exported about \$4 billion in food products and imported over \$3 billion. This resulted in a trade surplus of \$869 million, that's a plus for our economy. Trading has increased over the years so that by 1980 we exported close to \$8 billion in food products and imported about \$5 billion. This gave Canada a trade surplus of \$2.7 billion. Another positive economic gain for Canada.

However, approximately \$3.5 billion of our food

imports consist of identical products grown in Canada. That is Canadian money flowing into the economies of other countries. It also means lost job opportunities for Canadians.

If we substituted Canadian grown products for some imports such as grape, apple or tomato juices instead of orange and grapefruit juices, this would put an additional \$1 billion back into our economy. If we became more conscious of "buying Canadian" our economy and employment situation would improve considerably.

What is happening to our agri-food industry? Farmers earn pathetic incomes. For example, in 1978, the average Canadian farmer had a net income or "take home pay" of \$3,580.

Although exact figures for more recent years are not yet available, it is a fact that the net income of many farmers has declined steadily. Now Agriculture Canada forecasts net incomes for farmers will drop by 17% for 1982, with a further decrease in 1983.

As interest rates and farm inputs such as fuel, fertilizer and chemicals spiraled upward, market prices for farm produce declined. This has forced them to reduce their purchases, increase their borrowings and sell off their assets to stay alive. Many have stopped farming and sold out.

IF WE DON'T CARE WHO WILL??

Gary Kenney - 286-2817

- There are over 5,000 eligible voters in Anson, Hindon and Minden Township.
- In 1978 1383 cast a ballot.
- In 1980 less than 1/4 of us decided to vote.
- * It does make a difference if we vote.
- * There are things council can do to improve our township.
- * The right council will work on our behalf.
- * We are the employers of our council.
- * November 8 we hire a new council - for 3 years.

If we don't vote, we still do.....for nothing.

NOTICE

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner part of lot 3, West Side Lyons Street and part of Lyons Street, Town Plot of the Village of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) of the Municipal Act R.S.O. 1970, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on WEDNESDAY, October 27th, 1982 at 7:30 p.m., proposes to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion of street allowance more particularly described as follows:-

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Minden in the Provisional County of Haliburton and being composed of part of Lot 3, West Side Lyons Street and part of Lyons Street, Town Plot of the Village of Minden, designated as Part 2 on the plan of survey deposited in the Registry Office for the Registry Division of Haliburton as Number 19R-2614.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 22nd day of September, 1982.

NOMINATIONS

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON & MINDEN

NOTICE IS HEREBY GIVEN that nominations may be filed in the office of the clerk between the hours of 9 a.m. and 5 p.m. on Thursday, October 14, 1982 and Friday, October 15, 1982 between the hours of 9:00 a.m. and 5:00 p.m. on Monday, October 18, 1982.

THE OFFICES FOR which persons may be nominated are:

- 1 — REEVE
- 1 — DEPUTY-REEVE
- 3 — COUNCILLORS
- 2 — HALIBURTON COUNTY BOARD OF EDUCATION TRUSTEES

Where the number of candidates is not sufficient to fill the number of vacancies to which candidates may be elected, additional nominations for the remaining vacancies may be filed in the office of the clerk on Wednesday, October 20, 1982 between the hours of 9:00 a.m. and 5:00 p.m.

DATED at MINDEN, Ontario this 6th DAY of OCTOBER, 1982.

Elinor Burke, A.M.C.T.
Clerk-Treasurer
Townships of Anson, Hindon & Minden

ELECTORS

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON & MINDEN

NOTICE IS HEREBY GIVEN that I will post the preliminary list of electors on the 12th day of OCTOBER, 1982.

ALL ELECTORS SHOULD EXAMINE THE LIST to ensure their names and relevant information are correctly shown.

APPLICATIONS for inclusions, additions or corrections to or deletions from the list are available at the following location:

— MINDEN MUNICIPAL OFFICES —
MILNE ST., MINDEN

REVISION OF THE LIST will be undertaken at the above location(s) between the hours of 9 a.m. and 5 p.m. Tuesday, October 12, 1982 through Wednesday, October 20, 1982 inclusive, Saturday, October 16 and Sunday, October 17, excepted.

THE LAST DAY for filing applications for inclusions, additions, or corrections to or deletions from the list shall be Wednesday, October 20, 1982.

DATED at MINDEN, Ontario this 6th DAY of OCTOBER, 1982.

Elinor Burke, A.M.C.T.
Clerk-Treasurer
Townships of Anson, Hindon & Minden

THE PROVISIONAL COUNTY OF HALIBURTON ROADS DEPARTMENT

TRUCK RENTAL

The County Roads Department will accept tenders for the rental of one tandem cab and chassis, with operator, for winter sanding out of the Ingoldsby Patrol Yard. The eight yard sander unit will be supplied and installed by the County.

Tender forms are available from the undersigned and close on October 12, 1982 at 4:00 p.m. local time. Lowest or any tender not necessarily accepted.

W.E. Obee, P. Eng.
County Engineer
P. O. Box 399
Minden, Ontario.

by Bert Harrison

Dear readers, hasn't the colour been lovely this past week or so? You can see God's handiwork no matter where you go.

It is nice to have the Parkers back with us once more, from where they have been visiting on a far off shore.

Sunday, September twenty-sixth Rev. Burgess spoke again at all three places, Eagle Lake, Haliburton, then at Hyland Crest. We hope he will get some much needed rest.

Wayne Cox says he would like to work on the farm the whole year round, but he just isn't able. That is why he works at Hyland Crest, waiting at the tables.

Millie Wood says she lost three pounds since she was weighed before. She says she is far too fat and hopes to lose some more.

We were invited to Mr. Stan Blears to a pot-luck dinner. Where else would you go to eat where they didn't charge a buck. After Fred Parker had said grace, we all lined up to get ready to start to feed our faces. Now I must tell you the food we ate was delicious. We had a chance to help ourselves to many different kinds of dishes. When all had eaten, and our hunger was appeased, Aileen said she would be really pleased if we would settle down to begin the meeting. We also had two new members that we should be greeting. When the meeting was all over and business had been discussed, we climbed in once more into Lola's bus,

95 in tourney

Ashley Marshall of Richmond Hill led a field of 95, during the fourth annual Fall Festival of Fun at the Haliburton Highlands Golf Course. The tournament was played September 25 and 26.

Marshall scored a 68 to take the low gross honours. The best low net score came from Paul Gariepy of the Aurora Highlands Golf Course. He shot a 65.

The tournament included a wine and cheese party Friday evening, men's championship 18 hole tournament Saturday, followed by dinner and dancing. Sunday a mixed alternate shot tournament was held.

Couples attended from St. Catharines, Welland, Toronto, Richmond Hill, Thornhill and Guelph.

You can't get into swimming if you can't get into your swimsuit.

with Doris at the wheel. We thank the Blears for inviting us to that lovely meal.

Rev. Bewdly of the Allsaw Pentecostal church held a real nice service in the chapel here,

this twenty-eighth day of September. He also brought along some of his members. Mrs. Taylor came to play. We thank them for coming, this September day.

Some dear friends took us to Dorset to the new restaurant Lumber Jack where we were treated to a real delicious snack. The colour going up was

gorgeous, even better coming back.

Edith Welch spent a few days at her home entertaining friends from Utah and

Delaware, and dear knows where.

Mrs. Curry spent the weekend in Peterborough with her son, and relatives from Alabama.

Tuesday night the Earl Coopers, and Kathleen came. After visiting the Land of the Thistle, they played fine music and sang good old hymns, and did everything but whistle.

Wednesday night was games night. I didn't play - just having a rest. I'll play again some day.

Thursday, the ladies from Kinmount Horticultural Society brought in the lunch and had a good variety. They also brought a birthday cake, for those who had birthdays in September.

It is sing-song time again

here at Hyland Crest. Grace Coburn and Fred Ballard came to give us of their best. Grace reads some interesting poems, and leads us in a nice sing-song. Fred came to play. We're sure glad he came along.

Friday night at the Kinetite card party, Edith Welch won first prize for Progressive Euchre.

kid's korner

by Jean Lacey

Hi kids!
Thanksgiving is just next week. Why not make a nice bouquet to sit on the table? Pick some nice coloured

leaves and press them between newspapers for a couple of days, you'll have to put some heavy books on the papers, then press them with a hot iron, between waxed paper.

Put a newspaper on top of the wax paper. When you have done this put them in a nice vase with some bulrushes that

you pick Thanksgiving morning and spray with hair spray.

What water never freezes?
Hot water

What does your mother look for and hope not to find?
A hole in your sock

What gets bigger the more you take from it?
A hole in the ground

What has twelve legs and cannot see?
3 blind mice

What gets wet when drying?
A towel

What is the difference between a big black cloud and a lion with a toothache?

One pours with rain &

the other roars with pain

Bye for now. Take it easy. God bless till next time.

Add to your

South Water Street —
along the river.

THIS AD COULD BE ALL THAT'S STANDING BETWEEN YOU AND A FOSTER CHILD.

On the surface, it's not difficult to have a mistaken impression about foster care.

And if you never take the time to crack the surface, and find out the facts, you might very well be denying yourself, and a foster child, a very rewarding experience.

Your willingness to care may be all the qualification you need to be a foster parent. Financial assistance, guidance and support are available to foster parents.

The personal rewards of sharing your love with a child or young person who really needs you are very great.

Please contact your local Children's Aid Society or Family and Children's Services, and find out more about foster care.

The children need you now, more than ever before. And maybe you need them too.

NOTICE

The next regular Council meeting of the Townships of Anson, Hindon & Minden will be held on Wednesday, October 13th, 1982.

A representative from the Ministry of Municipal Affairs and Housing will be in attendance at 10:00 a.m. to discuss the Provincial concerns with the R4 and R5 zoning on lakeshores as proposed in By-law 82-11.

Lloyd Walker, Reeve.

OPEN OCT. 11

around the county town

by Yvonne Guida

Cy and Pat Pimm have left 12 Mile Lake and moved to Lutterworth Estates where they will be living next May after returning from Florida.

Everyone is cordially invited to attend the opening of the new exhibit at the Agnes Jamieson Gallery, consisting of paintings done by myself, on Wednesday, October 6, from 8 to 10 p.m. The gallery will be open daily from 3 to 5 p.m. The gallery is closed on Sunday.

I am sorry to report the passing of Mr. Irwin Johnston from Wilberforce and Mr. John Fearrey of Haliburton. Our deepest sympathy to their families and friends.

Beatrice Hamilton is at present confined to Red Cross Hospital in Minden. Everyone wishes her a speedy recovery.

The Mini Card Party winners at St. Paul's last week were as follows: Cora Hewitt for cribbage, who was one point off a perfect score, and for euchre, lone hands, Pearl Cowan and Ada Turrall.

The Book Exchange at the Library this past week, brought 200 new books to choose from.

Books donated

The Minden Library has received a number of reference books in memory of John Yorston Harrison.

The books were presented last week. The presentation was made by the friends and neighbours of Mr. Harrison, who passed away February 12, 1982.

Among the books presented to the library were: Webster's Collegiate Thesaurus; Webster's New Collegiate Dictionary; Birds of America; Atlas of Canada; and David Attenborough's Life on Earth.

Alice Clark is presently confined to Ross Memorial Hospital in Lindsay, following surgery on Sunday. She will be in the hospital for approximately two weeks, and everyone hopes she will soon be on the road to recovery and home once more.

From Hyland Crest Senior Citizen's Home, a very happy birthday to Ada Shorter and Robert Krick who celebrated their birthdays on October 13.

Mr. and Mrs. Gerald Nettinga of Lindsay spent their first anniversary enjoying the beautiful colours of Haliburton County by following a tour as outlined in The Times Autumn Special and enjoyed a short visit with Mr. and Mrs. Fred Cox.

Joyce Hewitt had her son Fred and the children home for the weekend.

The Thrift Shop at St. Paul's will be open October 15. It had a very successful day last week. There are many good buys to be had, so please take advantage.

The ACW will hold its bake sale this coming Saturday, starting at 10 a.m. at the former Furniture Store in Minden.

Last Saturday evening,

friends and neighbours surprised Rita and Louis Lemieux with a party on the occasion of their 30th wedding anniversary. About 25 people showed up to wish them well, including members of the council. The party was organized by Jean Bowron and Margaret Miller. A delicious buffet supper was served, followed by a lovely cake. We all join in wishing them many more years of happiness.

The following is a recipe from Velma Harrison of Maple Lake for her delicious pear pie. About 6 ripe pears cut in small pieces, 1/4 teas. cloves, 1/2 teas. cinnamon, enough white sugar to sweeten, dash salt and 1 teas. butter. Sprinkle with cornstarch to thicken placing in prepared pie crust. Cover with remaining pie crust and bake at 425 degrees. Cool and serve with ice cream.

Autumn

She wears a gown of brilliant hues,
Her lovely throat is bare,
And for adornment sparkling bright
Are sapphires in her hair.
Her restless limbs a sight to see,
Her laugh is crisp and clear,
Her sturdy feet in velvet brown,
Her footsteps show no fear.
As through the country-side
she strides
And greets us one and all,
Her stately beauty brings delight,
We dearly love the Fall.
